

KÄRCHER

makes a difference

CUT THE CORD AND CLEAN FASTER

Vacuum quicker with our cordless backpack vacuum. Daytime clean with peace of mind knowing you have the quietest, most powerful backpack vacuum on the market.

Get it cleaner, quicker and quieter with the BV 5/1 Bp.

Experience the freedom, safety and productivity of going cordless. The BV 5/1 Bp backpack vacuum is 100% powered by its lithium-ion battery leaving the operator to move around uninhibited. Our superior technology produces a powerful, yet quiet vacuum that increases your productivity exponentially. It is the quietest backpack vacuum on the market, only emitting 55 dBA. Expect 100 percent of the performance that you get from a traditional backpack vacuum.

Operator ergonomics and speed are improved since no searching or bending is needed for the constant plugging and unplugging of the cord that comes with traditional units. Safety is dramatically increased without a cord. Trip and falls are eliminated by removing this potential hazard.

1 Daytime cleaning

- Quietest backpack vacuum on the market only emitting 55 dBA
- Unrestricted cordless design is more practical for operating while guests are present

2 Safety & health

- Reduce the risk of trip and falls with no cords
- Improve ergonomics by eliminating bending to plug and unplug the cord
- Comfortable harness for continuous use

3 Increased productivity

- Lithium-ion battery allows for complete freedom of movement
- One-hour recharge time gets you back to work quickly
- Purchase additional batteries to allow for non-stop operation

4 Full performance

- Get the same performance of a traditional unit without the cords
- Power mode provides full performance while eco!mode increases runtime
- Sturdy, powerful construction for everyday use

Technical specifications and order numbers.

BV 5/1 BP
