

# OFTEN IMITATED, NEVER DUPLICATED

The industry standard upright vac with automatic brush-height adjustment

# Often imitated, never duplicated.

With a proven reputation of reliability, performance, and ease of maintenance the Sensor® XP is the industry-leading vacuum for reliability and convenience. Featuring automatic brush-height adjustment, this machine efficiently removes soils that could ruin your carpets and hard floors, which saves you time and money. Trust the Windsor Kärcher Group Sensor® XP to clean your floors efficiently and reliably for many years to come. With 1200 watts of power, the Sensor® XP's vacuum motor pulls even more dirt and grime from your carpets. This machine utilizes a single 1.6 hp motor to cut down on handle weight in order to reduce operator fatigue and increase productivity.

## 1 Reliability leader

- Industry-proven track record of durability and reliability
- We have been building quality upright vacuums since 1979

## 2 Productivity in mind

- Automatic brush-height adjustment to for optimum cleaning performance
- Ultra-light handle weight allows for strain-free operation
- Cleaning paths of 12", 15" and 18" are available to suit any need
- Flat-to-floor feature allows for easy cleaning under beds and furniture
- No-tool brush removal for easy maintenance
- Detail cleaning tools conveniently located on the back of the machine

## 3 Breathe easier

- The Sensor® XP comes standard with a high-efficiency filter that traps up 99.6% of particles at 0.3 microns
- Optional HEPA filtration is available
- Meets CRI standards for indoor air quality

## 4 Smart vacuuming

- Equipped with indicator lights to notify if the vacuum bag is full, brush height needs adjustment, or if there is a brush jam
- Machine shuts down if indicator light are ignored for self-preservation
- Quiet operation at only 69 dBA
